 ARAUCO.
Trupan.

TRUPAN Light

Offers the perfect blend of physical-mechanical characteristics and light weight. Ideal for furniture and interior design applications.

 ARAUCO.

TRUPAN Light is manufactured using pine fiber grown in ARAUCO's sustainably managed plantation forest. TRUPAN Light has a homogeneous surface and excellent sanded finish. It also offers a uniform color and consistent density profile. TRUPAN Light combines consistent physical mechanical properties with exceptional machining characteristics and lighter weight, which it is an excellent property for logistics optimization, handling and reducing weight in the final product.

TRUPAN Light

Applications

- Furniture
- Cabinets
- Interior Design
- Mouldings
- Doors
- Lamination Substrate (low/medium pressure)
- Display Fixtures
- CNC Spoilboards

Product Features

- Exceptional machinability
- Light, uniform color
- Smooth, homogenous surface
- Lightweight
- Consistent density profile
- Made from 100% fresh pine fiber from sustainably-managed forests

Recommendations

- Predrilling is required for inserting screws
- For product stability, painting or laminating both sides of the panel is recommended

Storage and Handling

- TRUPAN Light should never be stored or used outdoors. The indoor storage area should be clean, dry, well-ventilated, and free of dust, dirt or particles that could contaminate the MDF. Store flat on bolsters on a level, hard surface. Constant relative humidity and temperature should be maintained. Before use, allow to stabilize to the same conditions as are expected after the panel is installed. Condition 48 to 72 hours prior to lamination.

TRUPAN LIGHT TECHNICAL INFORMATION

Property	Density	Internal Bond	MOE	MOR	Edge Screw Pull	Face Screw Pull	Swelling 24h
Standard	EN 323 / ASTM 1037	EN 319 / ASTM 1037	EN 310 / ASTM 1037		EN 320 / ASTM 1037		EN 317 / ASTM 1037
Thickness in mm	kg/m ³	kPa	N/mm ²	N/mm ²	N	N	%
9 - 14	590 - 640	600 - 700	2,200 - 2,800	28 - 36	-	-	<13
15	590 - 640	600 - 700	2,200 - 2,800	28 - 36	>800	>1,000	<10

ARAUCO

For more than 45 years, ARAUCO has been driven forward by its vision of being a global leader in the development of sustainable forest products, which has allowed us to become one of the largest and most respected forestry companies in the world.

ARAUCO's success is based on satisfying our customers with quality products and services while balancing the company's needs with those of our employees, the environment, and the people who live near our facilities and plantations. This is the starting point for the responsible and efficient management of our natural resources, the occupational health and safety of our workers and our active contribution to social development and welfare in the communities in which we operate.

All ARAUCO-branded products originate in sustainably managed plantation forests in Chile, Brazil, Argentina and Uruguay. No native forest wood or genetically modified trees are used to produce any ARAUCO product.

ARAUCO operates MDF mills in Argentina, Brazil, Canada, Chile and USA.
